

# INTENSIVE WINTER 2013

FISH, ANIMAL, ENVIRONMENT, CONSERVATION

## SAN DIEGO, CALIFORNIA

The Scripps Institution of Oceanography operates as the premier marine and environmental science department of UC San Diego.

SAN DIEGO ZOO

SAN DIEGO ZOO  
SAFARI PARK

The San Diego Zoo & The San Diego Zoo Safari Park are committed to their belief that education and outreach are the cornerstones of diversity, conservation and the protection of wild animals and their habitat.

Birch Aquarium at Scripps provides access to where the wonders of the ocean come alive! The mission of Birch Aquarium is to provide ocean science education, to interpret Scripps Institution of Oceanography research, and to promote ocean conservation.

Surfrider Foundation is a grassroots program, which means they are real people who roll up their sleeves and work to protect their local oceans, waves and beaches. They are volunteers who care about the sustainability of this amazing and fragile resource.

SeaWorld not only has 45 year legacy of ocean conservation and animal rescue, they have a world renowned program combining specific education objectives and enrichment entertainment experiences in ways that connect people to the sea and sea life like no where else on earth.
